Look out you son of a bitch
Goddamn motherfucker
Do you know who you're fucking with?

You're fucking with the stallion, mang
You're fucking with the goddamn stallion, mang
You're fucking with the stallion, mang

Goddamn piece of shit
On my dick you should sit
Do you know who you're fucking with?

Prancing stallion -- oh ho handsome -- prancing on the
grass

I'm the fucking stallion, mang -- the stallion
I'm the fucking stallion, mang -- the stallion
I am the stallion, mang -- you get it?
I am the stallion, mang -- you get it?
You see the damn stallion, mang?

You goddamn son of a bitch
You fucking piece of shit

Prancing stallion running through the glenbrook
Prancing stallion running over hillside
We must not reduce the stallion.....
I will not be buckled on the stallion.....
Great is thou who rides the stallion

Goddamn son of a bitch
Goddamn piece of shit

Now it's clear, and i can see the stallion
Yes, i too can struggle with the stallion
