Grab that wheel,
And I'll sail you 'round the world in my yacht
... Oh I've got it girl
I can promise you the moon and stars, if you just give
me your heart.

See there,
Over there, just back beyond the changing room
... Yeah those two
Think they got it made, like I do, aren't they jealous of
you.

And don't bother to question, the thing you already
know...
Like I love you so!

Sundown,
And the maids got their fists up in the air
... Oh they're everywhere
I'll show you how to diffuse the bomb, if you just give
me your heart.

What's that?
You say you had some feelings hid away.
... I can handle this today.
I may be the man, you are mine, so just give me your
arm.

And don't bother to question, the thing you already
know...
Like I love you so

Screw you!
If you want to be with that dude in the grass skirt
... Oh feeling won't be hurt
Your still deep beneath the dirt, guess I won't have your
heart.

Could have promised you the moon and stars, if you
just give me your heart.
