[Verse 1: Seven]

Come on, baby  
Just drop the pannies and let's get to it  
You said you want to suck a freak, I wanna hit and split  
it  
And commit it, but I don't wanna be caught up  
So let me bust one in your mouth and shit the spot,  
cause your time's up  
Your friends are calling from the next room  
S-V-En, slip in Don dusk, what they consume  
Triple X positions  
Your body's causing friction  
Hard to tame, these pornographics is a heartache  
condition  
I'll even run rap, (???) like an ambulance  
Fine bitch, on dick, wanna drop a pants  
Yeah  
We're making money  
We stackin' G's  
Professionals who drop hoes on ease  
In a drop-top base  
I'm gonna hit  
Switches on bitches when I tip through L.A.  
In the carpool lane  
Gettin' skully on the freeway  
Hurry up and take your clothes off, baby

Chorus: James Debarge

If you want it  
Come get it  
Please believe it  
I hit it  
I'm gon' always  
Come with it  
Hurry up and take your clothes off

Repeat Chorus

[Verse 2: Lil' Demon]

I rip your clothes off  
Damn, your body feels soft

Kinky with a fetish, I'm your pimp and boss  
Turn around, baby girl, wanna hit it like that  
Glancin' in the leer, and I'm stroking your back  
Yeah, you blushed out  
Smell like a rose  
Ring around your toes, sexy like J-Lo  
Are you a bad girl  
I'm putting up a front  
Teasin' little homies, not givin' up none  
Are you a freak  
Love the late night creep  
Down with S&M and a little whipped cream  
Tell me how you want it, but you gotta be real  
No promises to love, just a night for a thrill  
I know you married with you, and I ain't tryin' to play  
bad  
Tryin' to get you in trouble, or even break up your pad  
Just call me your Sancho, Lil' Demon the great  
If you want it, come and get it, and I'm always ready to  
play

Repeat Chorus Twice

[Verse 3: Slow Pain]

I'm calling out names  
Mona from Pomona  
Tina, Lisa, Pheonix, Arizona  
Monique from Dallas  
Good ol' Dallas  
Little nasty freak I met at Caesar's Palace  
Nasty girl, you nasty  
Taking off your clothes like Cathy  
Five foot nine  
Slide down the pole  
T.V.'s in Albuquerque, V.I.P., front row  
Miss Bernidete  
Lil' Mariah  
Girl, you get me Higher like Earth, Wind And Fire  
Diamonds and pearls, I love all these girls  
Gangsta, gangsta in a gangster world  
I got bad ones  
From K.C. to L.A.  
I got loved ones  
Always down to parle  
I keep it pimpin'  
Cause that's all that I know  
I grab your girl by the hand at the end of the show

Repeat Chorus Four Times
