Whose tears on a gaping voice  
Who's stretching arms match the hunger of mine  
These lips will they never join  
Always draw me closer and further entwined

With a promise dealer understand, all freedoms fade  
away  
To a point of view where many different pathways meet  
And we're standing on this precipice with nothing much  
to save  
But the deep blue screams of falling dreams with our  
next move

Heaven hide your eyes  
Heaven's eyes will never dry

The shades of a thousand steel  
Come flashing by my face in the fury of war  
In desolation and abandoned fields  
The hungry make their stand when they'll stand for no  
more

Hear the passion in their voices, see the heaven in their  
eyes  
Their hopes and schemes are waiting dreams for less  
than paradise  
And sometimes we make promises we never mean to  
keep  
For blackmail is the only deal a promise dealer sees

Heaven hide your eyes  
Heaven's eyes will never dry  
Heaven hide your eyes  
Heaven's eyes will never dry

Heaven hide your eyes  
Heaven's eyes will never dry  
Heaven hide your eyes  
Heaven's eyes will never dry

Heaven hide your eyes  
Heaven's eyes will never dry
