Always been like a Hummingbird,
and i can't keep still,
listen up lover,
listen up, i never will
Wings Move faster, than the human eye
and if you could see my heart, well if you could see my
heart,
kept from flying outwards, somehow I don't know,
it's a wonder i don't know apart, wonder i don't come
apart
Always been like a Hummingbird,
and i can't keep still,
listen up lover,
listen up, i never will
Hold out your hand,
yours is the only one that i dare to land upon
ohhhhhh oh oh oh, ohhhhhhhh oh oh oh, ohhhhhhhh oh
oh oh oh oh oh oh oh
Stole a ruby necklace form the chamber of a queen,
distraction for my heart, distraction for my heart
Thrumming like a divers, every time you're near
The only sound i hear, the only sound i hear
Always been like a Hummingbird,
and i can't keep still,
listen up lover,
listen up, i never will
sweetness captures, honey bees in time
amber like your eyes, amber like your eyes
maybe there's a season, when i'll taste that wine
a thimble at a time, a thimble full of wine
Always been like a Hummingbird,
and i can't keep still,
listen up lover,
listen up, i never will
listen up lover, listen up
listen up lover, listen up
listen up lover, listen up
I NEVER WILL
