Lovers walk two by two
Doing things lovers do
Their in love, where am I?

I see them on my way home
How I hate to be alone
Their in love, where am I?

I guess I have to hope, that today the sun will shine and
, maybe tomorrow you'll be mine

To the day I will wake, watch the lovers on the lake
Their in love, where am I?
Walk alone a lovers lane, pass the kisses in the rain
Their in love, where am I?

I guess I have to hope, that today the sun will shine and
, maybe tomorrow you'll be mine

Lovers walk two by two
Doing things lovers do
Their in love, where am I?
Their in love, where am I?
