"If I Could See You One More Time"

Iâ€™m in a crowd but Iâ€™m all alone
Without you Iâ€™m so on my own
Iâ€™ve got a million things I wanna say
I woke up when it was too late

I hope I meet you somewhere tonight
Underneath the cold neon lights

If I could see you one more time
I just know youâ€™d, I just know youâ€™d change your
mind
If I could see you one more time
I would prove, a love like ours is hard to find

Iâ€™m walking home on a one-way street
Tonight it feels like itâ€™s hard to breathe
My lungs are filled with low self esteem
Youâ€™re the only one that really knows me

Iâ€™ll spend the night by the telephone
I miss you so much it hurts to the bone
