Weerd Science  
In A City With No Name

So whatcha think about mortality  
How are these motherfuckers running America  
Squeaking by like the sound of my sneakers  
Weaker versions of the father  
Hardly none of you mother fuckers even bothered to  
vote (nope)  
Neither did I, seamless as I  
Try to mend myself into the thread of American life  
I find myself all alone with a knife and a cell phone  
I feel so out of place like Melrose  
Pop culture, silicone, synonyms, clones  
Snare drums and microphones  
Head trips and assholes, I'm all alone  
I'm going home, I am no longer the Joe  
Who pretends and smiles and acts  
Like he's not one of the sickest dudes doing rap

Chorus (x2)  
I'm all alone and I don't care  
I knew it was gonna suck ass when I got here  
If you're a gunner you can get yourself shot here  
In a city with no name I remain anonymous

So whatcha think about this fallacy families  
I don't know when Alex be getting on Mallory  
How are we going to explain that we hungry  
And we need calories to maintain our energy  
And people never know my name. President Bush  
Don't tell me it's a freedom they wanted  
Look at the war that you started  
Quit talking to me like I'm half retarded, it ain't working  
I think so damn hard my fucking brain is hurting  
I'm spurtin' out shit that you wouldn't normally hear  
Here I go, be it for bite another rapper, no  
Atmosphere Kid is gonna crack this year  
I'da had a record deal if I was black this year

Chorus x2

So what you know about higher ups who's powered by  
coward's bucks  
Who talk like they better but really they just as fowl as  
us  
Out of luck and out of time, out of reasons to pretend  
That I'm one of the happiest people alive; I'm not, I'm  
rotten  
I'm spottin' my chance and I'ma take it  
Whether something happens or not  
I got nothing to lose, I'ma tell you how I feel  
And hopefully some of you mother fuckers'll listen this  
year  
I got nothing to prove, I'ma tell you how I feel  
And hopefully some of you mother fuckers'll listen this  
year

Chorus x2
