My head is spinnin' round  
Self esteem's hit the ground  
Feels like I've fallen  
and I don't know if I'm gettin' up again

Sometimes I lose my mind  
One heartbeat at a time  
I think I lose it  
Just so I can almost feel alive again

Not a problem,  
Not a weakness,  
It's just a phase I go through every weekend

Not a promise  
That I'll beat this  
Just a sad attempt at lookin' needless

When I say that  
I'ma come back  
There's a part of me that don't believe that

And I'm nervous  
Is it worth it?  
I just need some time to breathe cause

\*chorus\*

Houston, Houston,  
We've got a problem  
I woke up today, At the top of rock bottom

The view's not so great  
When you're constantly late

To the train that would take  
You away...

From the top of rock bottom

\*end chorus\*

I'm gonna be just fine  
is my most favorite lie  
I whisper to the ceiling  
feeling like I'm worth nobody's time

But there's gonna be a day  
Where I'll wake up and say  
If being down's a drug,  
I'm stayin' sober til I die

Not a problem,  
Not a weakness,  
It's just a phase I go through every weekend

Not a promise  
That I'll beat this  
Just a sad attempt at lookin' needless

When I say that  
I'ma come back  
There's a part of me that don't believe that

And I'm nervous  
Is it worth it?  
I just need some time to breathe cause

From the top of rock bottom

\*end chorus\*

Dunno what to do  
Dunno what to say  
Dunno why I let myself get this way

And all I know is I'm not the same I  
As I was when the I that I was stopped tryin'

Dunno what to do

Dunno what to say  
Dunno why I let myself get this way

And all I know is I'm not the same I  
As I was when the I that I was stopped tryin'

Not a problem,  
Not a weakness,
