Never gonna get too far away from the music!

Big nights, club tights, I needed this for so long  
Turn it on, turn it up, take it off and get it on

Think a little less, move a little closer, I ride you with my  
eyes  
The only way to be is trippin on the ceiling  
The night's in full swing now

Never gonna get too far away from the music (x3)

High timed, soak it up  
Make the most of what you got  
Get deeper in, deeper still  
Deeper till the dark goes lights

Never gonna get too far away from the music (x3)

Whoaaa oooh, whoaaa ooooh (repeat)  
Never gonna get you far away from the music (repeat)  
Whoaaa oooh, whoaaa ooooh (repeat)
