Uh oh uh oh uh oh (2x)
So put your hands up if you feel like
It's midnight midnight

We, me, out tonight
We're gonna be feeling alright
We, me, looking on the sight
We about to ignite it's tight
Everybody see we're shining right
We, me, out for fun
We're gonna do it till it gets done
We, me, having it began, gonna come and get this one
Is to come to the height of the night could become

Uh oh uh oh uh oh
It would be rude not to party like
It's midnight midnight
Uh oh uh oh uh oh
So put your hands up if you feel like
It's midnight midnight

Because it's been so long
Since , so strong
Yeah you got me got me got me got me go along
Midnight midnight.

We, me, all dressed up
We're gonna touch up the make up
We, me, gonna pick up
We're about to blow up. what's up
So look up 'cause we're gonna hook up
We, me, up to me, we're gonna be so concrete
We, me, hanging in the street
Come and tap your feet, make a beat
Isn't it neat when I'm sound asleep
We, me, up on the chase
, talking like an ace
We, me, running on a race
Gonna give us some space, some grace
A sweet embrace, come back to my place
We, me, staying up late

We'll be those kids that you hate
We, me, in about 8
Looking at , date
Trembling, trying to get your key in the gate

Uh oh uh oh uh oh
It would be rude not to party like
It's midnight midnight
Uh oh uh oh uh oh
So put your hands up if you feel like
It's midnight midnight

Because it's been so long
Since , so strong
Yeah you got me got me got me got me go along
Midnight midnight.

Uh oh uh oh uh oh
Put your hands up (4x)
Uh oh uh oh uh oh
So put your hands up if you feel like
It's midnight

Because it's been so long
Since , so strong
Yeah you got me got me got me got me go along

Uh oh uh oh uh oh
It would be rude not to party like
It's midnight midnight
Uh oh uh oh uh oh
So put your hands up if you feel like
It's midnight midnight

Midnight midnight
Midnight midnight
