Virginia backyards, suburban life  
Don't wake the parents, "On potomac tonight"  
Roll on the couch by the tv's light  
In the basement no one esle in sight  
I fear the day that I am not with you

Unlock the front door, sneak out the house  
Down to Montana [woo oo], where A.C. hangs out  
Feeling fifteen, feeling no doubt  
'Cause your sweet voice let mine be without

You're just a stupid girl, stupid girl, stupid girl  
I ain't no brilliant boy  
You're just a stupid girl, stupid girl  
I ain't no brilliant boy

Down to train depot, get in line in file  
Goodbye Virginia , with your lousy style  
Goodbye my gal, sometime next year  
Goodbye my gal, although just look at you dear

I ain't no brilliant boy  
I ain't no brilliant boy...
