you may not be the one for me but baby you're a lot of
fun
let me come to your house my dear
drenching and smoke a robe
i wanna get in your hot tub baby
i wanna get in you now
so get in your car and pick me up
or i'm gonna put you down (2x)
please honey girl won't you be cool
do the voodoo doll that gives me
take the bench out of his butt maybe then give him a
treat
i wanna get in your hot tub baby
i wanna get in you now
so get in your car and pick me up
or i'm gonna put you down (2x)
sometimes i'm so disappointed
i can't be more of a man
sometimes my life feels so empty
not merely love player hand
sometimes i'm so disillusioned
all my relationships fake
i have never dealt a problem
to be something other day (2x)
i wanna get in your hot tub baby
i wanna get in you now~
get in your car and pick me up
or i'm gonna put you down (2x)
i'm gonna put you down
sometimes i'm so disappointed
i can't be more of a man
sometimes my life feels so empty
not merely love player hand
sometimes i'm so disillusioned
all my relationships fake
i have never dealt a problem
to be something other day (2x)
