Long ago you said to me,
Boy you are the one.
Now you gone and turned from me,
Tell me what I've done
Tell me what I've done
When you made your sacrifice, told me it was true.
Now I've gone to pay the price,
tell me what to do
tell me what to do
.....I believe...Now I see
.....I believe...Now I see
When you made your sacrifice
Told me it was true
Now I'm goin to pay the price
tell me what to do....
tell me what to do....
tell me what to do....
tell me what to do....
tell me what to do....
