One more time
I have crossed the line
Now you won't be mine
Anymore.

One more dream
Vanished up in smoke
Now I have no hope
Anymore.

Let it go
The damage in your heart
Let it go
The damage in your heart
I can't tell you how the words have made me feel
I can't tell you how the words have made me feel

One more tear
Falling down your face
Doesn't mean that much
To the world

One more loss
In a losing life
Doesn't hurt so bad
Anymore.

Let it go
The damage in your heart
Let it go
The damage in your heart
I can't tell you how the words have made me feel
I can't tell you how the words have made me feel

[Guitar Solo]

One more tear
Falling down your face
Doesn't mean that much
To the world

Let it go
The damage in your heart
Let it go
The damage in your heart
I can't tell you how the words have made me feel
I can't tell you how the words have made me feel
I can't tell you
I can't tell you
I can't tell you
How the words have made me feel.
