I want to help you  
But I don't know how  
I want to soothe you  
But I can't speak out  
I have many fears  
About rejection  
I have many memories of pain  
I have always been a bit too shy  
So I'll turn and look the other way

[Chorus:]  
Other way  
Other way  
I will turn and look the other way

I want to hold you  
But I am afraid  
I want to touch you  
But I'm not that way  
I have many doubts about my motives  
I have many fears about my breed  
I have always hurt the women I love  
So I'll turn and look the other way

[Chorus:]  
Other way  
Other way  
I will turn and look the other way

[guitar solo]

I have many doubts about my motives  
I have many fears about my breed  
I have always hurt the women I love  
So I'll turn and look the other way

[chorus:]  
Other way  
Other way  
I will turn and look the other way  
Other way

Other way  
I will turn and look the other way  
Other way  
Other way  
I will turn and look the other way  
Other way  
Other way  
Other way  
Other way. (wayyyy)
