The world has turned and left me here.
Just where I was before you appeared.
And in your place, an empty space.
Has filled the void behind my face.

I just made love with your sweet memory.
One thousand times in my head.
You said you loved it more than ever.
You said.
You remain, turned away, turning further every day....

The world has turned and left me here.
Just where I was before you appeared.
And in your place, an empty space.
Has filled the void behind my face.

I talked for hours to your wallet photograph,
And you just listened.
You laughed enchanted by my intellect.
Or maybe you didn't.

You remain, turned away, turning further every day....

The world has turned and left me here.
Just where I was before you appeared.
And in your place, an empty space.
Has filled the void behind my face.

You remain, turned away, turning further every day....

The world has turned and left me here.
Just where I was before you appeared.
And in your place, an empty space.
Has filled the void behind my face.

{in background during next rep: 'do you believe what I
sing now..'}
The world has turned and left me here.

Just where I was before you appeared.
And in your place, an empty space.
Has filled the void behind my...

Do you believe what I sing now?
Do you believe what I sing now?
Do you believe... it?
