Hey hey on your marks get set go to zero  
Present and correct go to zero  
North south east and west go to zero  
Nothing is best go to zero

I do this and I do that and when it's cold I wear a hat it's  
mostly cold  
It pays to advertise they say I'll keep my hat on anyway  
or so I'm told  
When you're on patrol go to zero  
By remote control go to zero hmm  
Forward pause return go to zero  
All roads lead astern go to zero

I do this and I do that and when it's cold I wear a hat it's  
mostly cold  
It pays to advertise they say I'll keep my hat on anyway  
or so I'm told  
When you miss your cue go to zero  
Start the dance anew go to zero  
Black red white and blue go to zero

When you lose the one go to zero  
Rewind can be fun go to zero  
Nudge it left and right go to zero  
Don't wait 'till tonight go to zero  
(Go to zero)

I do this and I do that and when it's cold I wear a hat it's  
mostly cold  
It pays to advertise they say I'll keep my hat on anyway  
or so I'm told  
(Go to zero)

Everywhere you go go to zero  
Nough is apropos go to zero  
North south east and west go to zero  
Nothing is best go to zero
