For one night only [x4]
[Chorus]
For one night only
Baby i'm yours
And then for one night only
We can lose control
For one night only
We can do what we want
And then for one night only
Show me whatchu got

[Verse 1: Francis]
Baby I hope when push comes to shove
you're not one of those girls who are looking for love
you see, i'm not trying to steal your heart
i'm just looking for fun, would you please be apart
of it, i promise to treat you right
make you forget your troubles throughout the whole
night
but i can't promise that i'll call you back
i asked for one night only and you knew that

[Verse 2: PrÃ©]
Cause we got one night only
girl come and hold me
kissin on your body
thinking bout what you told me
tell me where you want it
can i put it right there
get cha screaming and moaning
while i'm pulling on your hair uh
don't get me wrong
i'll do you right
this ain't normal, its a special night
if you deserve it i'll make it worth it
just twist your body let me see you twerk it
just like that girl
i'll be your world your my diamond i'll be your pearl
i'll start it off slow i'll get it off rough
we got all night so we don't needa rush
just do what we wanna do

you aint gotta worry boo
imma hit it right from the night to the morning through
stop biting your lip over there teasing
whats july? man we call it PrÃ©© season

[Chorus]

[Verse 3: Both]

I can take you to the crib i can show you where i live
Bragging to all your friends talking bout what we did
Could guarantee you never ever had it like this
I got chu falling in love with me without a first kiss
I know, you want, to get with me
Fulfilling all your fantasies
Getting down low bustin to the flow
Up all night got chu begging me for more hey

[Verse 4: Francis]

Hey lets just get out of here
We don't got much time to get close and near
I only got this night, to make you feel like mine
thats why i can't believe we're wasting time

[Bridge]

I can't believe I'm wasting time
I can't believe I'm wasting time
I can't believe I'm wasting time
Got me doing time like i did a crime
I can't believe I'm wasting time
I can't believe I'm wasting time
I can't believe I'm wasting time
At the end of the night imma make you mine

[Chorus x2]
