Tonight (Tonight)  
Tonight (Tonight)  
Tonight (Tonight)  
Tonight

Let me be the one who's loving you tonight  
Let me be the one who really holds you tight  
I'll even bring along a magic moon  
Just to make you feel alright  
So let me be the one who's loving you tonight

Let me be the one who takes you by the hand  
(Let me be the one)  
Let me be the one who always understands  
(Let me be the one)  
Everybody knows we've been good friends  
But I think the time is right  
So let me be the one who's loving you tonight

You and I could have an affair  
(All you gotta do is)  
Make sweet music, go anywhere  
Building highways taking us there  
As long as I know you really care  
Won't you show me you care?

Oh... come on  
Let me be the one who's loving you tonight  
Let me be the one who really holds you tight  
I'll even bring along a magic moon  
Just to make you feel alright  
So let me be the one who's loving you tonight

(Instrumental Break)  
Won't you show me you care?

Oh... come on  
Let me be the one who takes you by the hand  
Let me be the one who always understands  
Everybody knows we've been good friends  
But I think the time is right

So let me be the one who's loving you tonight

Let me be the one who's loving you
