Chris Jackson)

Don't lean down to kiss me

Don't put your hand on mine

Cause I need my hands to hide my face

Cause I know it's just a matter of time

Every time you touch me

I just can't take the guilt

And I get sick when you punch out a brick of every wall  
I've built

CHORUS

And I don't know what you expect from me

Cause all I want to be just isn't enough

This has been coming long time

And I'm amazed I've lasted so long

And I'm amazed that I'm not dazed, that I can't even  
write this song

Yeah, you've got lot of problems

And I've got my share of mine too

But it seems llike mine just got bigger in time

The time I spent worrying about you

CHORUS

Everyone's had their wild years

Everyone's had their kicks

But I missed out on that

Running behind the pack and trying to catch up is a  
bitch

I'm treating you with honesty

The very best that you deserve

Any less would be cruel and I know you're no fool

What purpose would deceiving you serve?

CHORUS
