Dave Preston)

Hey Cher, keep your chin up girl  
Although it cuts just like a knife  
Hey Tay, you know it's okay  
You'll pick up the pieces of your life

CHORUS

There's a shortcut you can take  
Learn by watching other's mistakes  
Not all knowledge need be earned  
Learn from lessons I've learned

Hey girl it's not bad as it seems  
A second chance to shoot for abandoned dreams  
Hey kid, don't you take it so hard  
Man yearn for a clean fresh start

CHORUS
