

Presets, The "Are You The One?"

Visit "[Are You The One?](#)" on MotoLyrics.com

I don't know why
I got it so bad
But somehow I find
Out of the frying pan
And into the fire
We're at it sooner
Buried our souls
Out of our heads and
Ready to go

Slippin' and slide
I'm out of control
Crying, I'll hide my
Head in a hole
There's something about you
I gotta know
Before we go too far

What I wanna know
I wanna know
What i wanna know
I wanna know is

Whoa, are you the one?
Are you the one?
Are you the one?
Are you the -

Me and my girl
Having a time on top of the world
But I've got a secret
No one can know
You wanna find out?
Come to the show
We got good music
And you gotta go

Temperature's hot, babe
It's ready to blow
An seeing as she finds out
All she can know

Someplace they'd all write in on the wall
Before she goes too far

What I wanna know
I wanna know
What i wanna know
I wanna know is

Whoa, are you the one?
Are you the one?
Are you the one?
Are you the -

Creepin' around
Quiet in darkness
Place to be found
Leaving behind the noise of the crowds
It's been a while since
You've come around
So let's make it worth the

Lights and the sounds
Pills and the spills
The drinks and the shouts
It's turning out fine girl
What it's all about
There's just one more thing
I gotta find out
Before we go too far

What I wanna know
What I wanna know
What I wanna know is

Whoa, are you the one?
Are you the one?
Are you the one?
Are you the one?
Are you the one?
Are you the one?
Are you the one?
Are you the -
