Okay

I'm coming a-round
I'm coming around for her
I follow a-round
I follow around for her
Yeah I'm coming right down
I'm coming right down down down down
Let me at it cause

I'll swallow it down
I'll swallow it down for her
And I'll swear it a-round
I'll swear it around for her
Yeah I'll swallow it down
I'll turn the lights down down down down
Forget about it cause

She's not okay
Turn out the lights
I feel so good
Do it tonight
I'll take you to
The other side
Come on savior
Don't run and hide

I'm feeling a-round
I'm feeling around for her
And I'm wandering 'round
I'm stumbling around the dark
But I'll follow it down
I'll follow it down down down down
Forget about it cause

I'll set it up
We'll pull it down
Nobody here
We're all alone
Silent night
Turn out the lights

Well now or never
Ready for love
The time is now
Nobody 'round
I feel somethin'
Turn out tonight
I'll take you to
The other side
Come on savior
I wanna go down down
Wanna go down down
Wanna go

I'll tear it up
We'll pull it down
Come on savior
We're not alone
Dead light
Turn out the lights
Now or never
Ready for love
The time is now
No one to ask
I feel someone
Ready tonight
I'll take you to
The other side
Can't stop this fever
I wanna go down down
Wanna go down down
Wanna go
