Tonight the
Tonight the hills are watching her
As she runs towards the sea
Yeah she runs so she'll be free

And of all the friends and enemies she's made along
the way
They are nowhere in her thoughts
As she dives beneath the waves

And he's the one that you've seen sometimes on tv
And his shirt is on the ground
While he's tackled by police
And the parcel that he throws across the bridge into the
creek
It'll flow towards the sea
It will meet with her tommorow

No place
Sometime
We'll clear
Our eyes
And when
You're down
I'll come around

And all the places she's been along the way
Flames are licking at their walls
Night glows with their remains

From far away the animals come gather round to see
But she knows not how they feel
And she knows not what it means

When she was young we'd ask her what she'd like to be
And she'd close her eyes and dream

Now we're nowhere in her thoughts
As she dives beneath the waves

A place

I've found
Could be
All ours
But I've seen
Where you
Would rather be
