Nice day out the window and  
I see birds are flying around her  
As she moves to the music in her head

Hot temp  
Now I'm shivering  
Cold sweat  
Blood raising through my head  
Gotta see if I catch her if I can

Girl girl girl  
You chew my mind up  
Girl girl  
And spit my heart out

Blue eyes  
Cutting through me like laser  
Smile driving me crazy  
Hips wiggling as she walks by

I'm hooked  
Girl I gotta know your name  
Hold her to my chest tonight  
Take her with me and holler to the stars

Girl girl girl  
You chew my mind up  
Girl girl  
And spit my heart out

Girl girl  
You chew my mind up  
Girl girl  
And spit my heart baby

(Gotta see if I catch her if I can)

Girl girl girl  
You chew my mind up  
Girl girl  
And spit my heart out

Girl girl  
You chew my mind up  
Girl girl  
And spit my heart baby
