You suck a fruity and you wanna go  
Oh  
You little cutie yeah you wanna blow  
Oh  
I turn around and everything is slow  
Mo  
You look good and yeah I wanna phone  
Home

You got me thinking 'bout the kitty in the middle of it  
You got me thinking 'bout the kitty in the middle of it

You left me standing in the middle of  
Rome  
A little sigh baby had to go  
Oh  
And looking good I oughtta to let you know  
Oh  
I'm just a boy I gotta do it so  
Oh

You got me thinking 'bout the kitty in the middle of it  
You got me thinking 'bout the kitty in the middle of it
