"My People"

I'm here with all of my people
Locked up with all of my people
So let me hear you scream if you're with me

Tall and tan and young and lovely
I follow all around the world for you
And you'll find out tonight oh it's a world of extremes

Political ceremony
They'll never find a happy home for you
But know that's not the only chance you'll get yeah
you'll see

I'm here with all of my people
Locked up with all of my people
So let me hear you scream if you're with me

I'm here with all of my people
Shot down with all of my people
So let me hear you scream if you're with me

Still the celebration haunts
Today I heard it on the radio
You've gone and found a way to get me out from this
place

Soldiers on the water front
They wanna ship me far away
I'll find my way tonight so i can find my way to you

I'm here with all of my people
Locked up with all of my people
So let me hear you scream if you're with me

I'm here with all of my people
Shot down all of my people
So let me hear you scream if you're with me

And it feels so
And it feels so good

I'm here with all of my people
Locked up with all of my people
So let me hear you scream if you're with me

I'm here with all of my people
Party time all of my people
So let me hear you scream if you're with me
