[Intro: Prez (talking)]

Yo, waddup?

This Prez, this to all my smokers out there

Every time you lifted, and someone asks you how you doin'

Just smile and tell 'em

That you 'bout that high score

Ha

[Hook: Prez]

High score

Feel like I just beat the

High score

I been dreamin' 'bout that

High score

I got the

High score

Feel like I just beat the

High score

I been dreamin' 'bout that

High score

[Verse 1: Prez]

I beat the high score, 'cuz honestly the more you play

The better you get at scorin' goals, something a player knows

Pinball machine, in the back of an arcade

Token machine spit out quick and roll down my arm veins

Red solo cup, an open container

Yo bitch, I entertained her, and later restrained her

Sunk my teeth in, and I quickly drained her

Maintenance man, I had to maintain her

If verses were paintings, call me Prez Picasso

Leave yo chest red and open, like a can of El Paso

Three, two, one blastoff, I'm higher than NASA

Laser beam dodgin', blastin' outcasters, check cashers

And for you rat bastards, I'm a mousetrap on acid
Have ya asses sinkin' faster than the croc in Lake
Placid
And now the pinball machine says "Enter your name"
P-R-E-Z, head of the game

[Hook: Prez]

High score
Feel like I just beat the
High score
I been dreamin' 'bout that
High score

I got the
High score
Feel like I just beat the
High score
I been dreamin' 'bout that
High score
