I need to push
It feels so good
Theres someone under me

I will not stop
Till I'm on top
I want more than I need

You hope I die
I cant deny,
I'll take it all with me;
But I will leave my greed

We're all climbing on each other
Each step cracks a brothers head

So let me hold you
- You, like all things
Let me own you
Be the one I eat

I need that rush
From dawn to dust
Just your trust I'll keep
I never blush
I trade in love
I'll buy your memories

Forget!
But got is better

Cause when we hold things,
We want them to keep
When we touch,
We begin to need
So let me love you
From head down six feet

Cause when we touch,
We begin to need
When we love things,
Things just disappear

So let me love you
Be the one I eat
Oh, how I need you
- Like most everything.
