Shaking like a tender wreath, girl you know  
Take like an autumn leaf when the wind blows  
You've had some setbacks  
It's such a never stated blow  
You've been held back  
Like a water drip in the freezing cold  
Your name should be

1 - Mistreated  
Can't get passed yesterday  
Why be defeated  
Letting life waste away  
Get up and get yourself together

First love yourself  
And to yourself be true  
And stop letting him come by  
When he only wants to sleep with you

Hold your head up  
And forget about what you thought you had  
You need to stand up  
And never let no man see you do  
Win by adding your name

Repeat 1

Get your head up  
Get your nails done  
Buy yourself something  
Something nice to wear  
Fix yourself up  
Call your girls up  
Before anybody can care you gotta care

Mistreated  
Can't get passed yesterday  
Why be defeated  
Letting life waste away  
Get up

Get your hair done  
Get your nails done  
Buy yourself something  
Something nice to wear  
Fix yourself up  
Call your girls up  
Before anybody can care  
Get up and get yourself together

You gotta care  
Whoa yeah
