Reading your prayers like a  
Declaration of war  
Condemn another advocate  
Looking for an easy score  
Calling it like a god  
Passing the pushing test  
Manipulate the medium  
Walking you off the ledge  
Shove it from the edge  
Count the remains

The bitch of having free will  
Pulls him from the pedestal  
Guilty like a bag of bricks  
Left you submerged and nailed down  
Ruminating on the prize  
Of all the control in the world  
Spending the last constraint  
Fighting it off the mind  
Keeping it off the table  
Thinking of suicide

"And while you're jumpin' from one foot to the next,  
what is he doing?  
He's laughin' His sick, fuckin' ass off! He's a tight-ass!  
He's a SADIST!  
He's an absentee landlord! Worship that? NEVER!"

We are all in the ground beneath you  
We are all in the ground beneath you

Hearing your unholy voice  
Writhing inside my skin  
Begging me to take the reign  
Fulfill all the prophecies  
All the odds are stacked against  
How could you keep me in  
Underneath the urge to bring  
Life into this antichrist  
Free will is such a bitch
