Hush little baby  
Don't you cry  
When we get to Tucson  
You'll see why

We left the snowstorms  
And the thunder and rain  
For the desert sun  
We're gonna be born again

What's important  
In this world  
A little boy  
A little girl

Hush little darling  
Go to sleep  
Look out the window  
And count the sheep

That dot the hillsides  
In the fields of wheat  
Across America  
As we cross America

What's important  
Here today  
The broken line  
On the highway

All the love in the world for you, girl  
Thumbelina in a great big scary world  
All the love in the world for you, girl  
Take my hand and we'll make it through this world

Hush little baby  
My poor little thing  
You've been shuffled about  
Like a pawned wedding ring

It must seem strange

Love was here then gone  
And the Oklahoma sunrise  
Becomes the Amarillo dawn

What's important  
In this life  
Ask the man  
Who's lost his wife
