Thank you boy for the beautiful flower
Thank you boy for the stars in your eyes
Thank you boy for giving me your finest hours
What a surprise?

You didn't have to

Thank you boy for the time that we wasted
Thank you boy for the things that you said
Thank you boy for every strange thought that I tasted
You're off your head

You didn't have to

And hearing my story from your occupied territory

Thank you boy for the sound of your voices
Like a hammer or a drill
Thank you boy for giving me no choices
You know I will

You didn't have to
