To my young and foolish heart  
Loving has no end  
Sometimes people grow apart  
That's why I am wondering

Ooh are you my baby  
Or are we just friends  
Oh you make me crazy  
Baby baby won't you be my man?

I've had dreams  
I know won't come true  
From them I have grown  
But honey if I can't have you  
I've just got to know  
That's why I'm asking

Ooh are you my baby  
Or are we just friends  
Oh you make me crazy  
Baby baby won't you be my man?

I've had lovers in the past  
But it always ends  
A love like ours would surely last  
Because you are my friend  
It's a crazy thing  
But of you I sing

I won't be alone  
'Cause you are my home  
You are my lucky card  
'Cause in your love I start  
You're my only heart  
Can't you feel it's crazy beating?

Ooh are you my baby  
Or are we just friends  
Oh you make me crazy  
Baby baby won't you be my man?
