Easy like a lullaby
(sweet and easy like a lullaby)
Sweet like candy, he and I

Talkin' 'bout my baby
He makes everything alright
Singing lolly lolly
Singing lolly lolly everynight

Holding hands
We're side by side
(holding hands forever side by side)
And four forevers he's my guy

Talkin' 'bout my baby
He makes everything alright
Singing lolly lolly
Singing lolly lolly everynight

Wanna know a secret?
Promise not to tell
Baby says that
I'm not no ordinary girl

(we can love each other it's alright)
(me and my love hold each other tight)

Talkin' 'bout my baby
He makes everything alright
Singing lolly lolly
Singing lolly lolly everynight

Love, love, love
Together they will be
Love, love, love
Forever they are free
Boy meets girl and girl meets boy
They promise each other, Eternal joy
Thanking heaven and god above
For they never thought
They would find such a love

Singing lolly lee lolly lee
Forever they're together
Heart and soul forever free
Talkin' 'bout my baby
