I am a factory girl, won't you pardon me?  
See I can make my whole world in a backseat  
Lost point, want a joint, show me how to treat a john  
Someone save me, save me from what I'm on

Wait a minute girl, can you show me to the party?  
I said wait a minute girl, can you show me to the party?  
Please let me in through the backdoor  
Just let me in through the backdoor, baby  
Just let me in through the backdoor, just let me in  
Wait a minute girl, can you show me to the party?

It's gonna be a real good time

I'm waiting for my man and hollywood and vine, so fine  
Been done in the alley, son I'm on New York time  
Take a look at those red lights, green lights, blowin' my  
mind  
I'll show you somethin' if you show me a good time

Wait a minute girl, can you show me to the party?  
Wait a minute girl, can you show me to the party?  
I'll let you in through the backdoor  
I'll let you in through the backdoor, baby  
I'll let you in through the backdoor, I'll let you in  
Wait a minute girl, can you show me to the party?

Here she comes, coming around again  
Here she comes, coming around again  
Here she comes, coming around again  
Here she comes, coming again

Wait a minute girl, can you show me to the party?  
I said wait a minute girl, can you show me to the party?

Wait a minute girl, can you show me to the party?  
Wait a minute, wait a minute, wait a minute  
Wait a minute, wait a minute, hey girl, can you show  
me, girl?  
Can you show me to the party? Can you show me to the  
party?

Can you show me to the party?
