Throughout the cold nights we be cashin in  
Makin dollars, makin shit pop around here  
Fiends, niggas and cops and gangbangers rule my  
block  
My everyday life is crime, a 9-to-5 of slangin rocks  
9 millimetres, .3-80's, AK's and Glocks  
Clockin major knots, I sit back and I watch it clock  
Watchin in anybody and any, wit every fuckin dime,  
every penny  
What a pity how we live in the city  
livin greedy, livin selfish, rebellious witta spirit that is  
jealous  
Developed the knack to kill and slang crack, huh  
Smokin buddha's at a bomb orange buddha  
Stabbin motherfuckers in the back in if they do ya  
Roll wit niggas that's the same, roll around witta gang  
Rollin to school my bang, bang, hang out  
I'm sellin dope to strung-out fiends who always kept  
green  
What's the American Dream? Makin makin money  
keepin pistols and shit, cos ain't a damn thing funny  
Niggas around my block be actin so crummy  
Wit a little doe I maintain G's, status just to have it  
Anything that I see it was my job just to have it  
Sweepin down and sellin, where my homeboys live  
Scoop 6-400, of that bomb smoked ass real  
High, I can see the homeys pass by  
We creep inside, lettin niggas know this Eastside

Now all my motherfuckin niggas they - ROLL WIT' US  
And all my No Limit soldiers they - ROLL WIT' US  
And all my Westside Connection niggas yo they - ROLL  
WIT' US  
And all my Dogg Pound, niggas they - ROLL WIT' US  
And all my niggas from Death Row - ROLL WIT' US  
And all my Outlaw niggas they - ROLL WIT' US  
And everybody round the neighbourhood - ROLL WIT'  
US  
Say they ROLL WIT' US, I said they ROLL WIT' US

In the city it was about wreck

Where I stay the 'fluence is pursuin the life of a G  
Totin weapons was my profession, my moms catch me  
She beat me but it ain't teachin me no lessons of  
survivin  
Diamonds investin, cars that's impressive  
I'm slangin now, major 'caine now  
Quarter P's and half pounds and whole pounds, ugh  
All my life all I heard was gun sound  
Age 13 I joined a major gang in Sittown  
I got the hood tatted for life, anybody cross me  
I will pay dearly from gun blastin, blood on the knife  
To be a motherfuckin gangsta was all I wanted  
Daz Dillinger out to amke out wit a million dollars  
Shot caught him plus ballin, I'm 17  
In the hood, straight love me from them Gz to them  
fiends, huh  
Small timin to big ballin  
I moved up from some small shit to packin full clips  
And everybody knew me all around the town  
I'm layin punk motherfuckers down

Now all my niggas in Texas they - ROLL WIT' US  
And all my niggas from Oklahoma they - ROLL WIT' US  
All my niggas from Louisiana - ROLL WIT' US  
And all my Bay Area niggas yo they - ROLL WIT' US  
All my niggas in Chicago they - ROLL WIT' US  
All my niggas in Seattle yo they - ROLL WIT' US  
Everybody round the neighbourhood - ROLL WIT' US  
Say they ROLL WIT' US, say they ROLL WIT' US

Get out the way if you ain't about paper, bustin on  
player haters  
who think they can fade us, that's how the streets  
made us  
Invincible, leavin the whole scene critical  
Takin over your shit man that's the main principle  
Here we go, here we are, niggas roll around in fancy  
cars  
Fuckin rap stars, sellin weed and caviar  
You think ya wasn't serious til y'all got blasted  
Rollin wit them sucker ducks'll leave you in a casket  
It's drastic to suicide, how we ride?  
Jump out on yo ass within the blink of an eye  
Cash money got me addicted, til worry niggas kick it  
Good shit from bad shit, that's how we get Pacific  
The G is for give me, the A is for anybody killin in this  
for the niggas plus the G's we be gettin

All my motherfuckin niggas they - ROLL WIT' US  
All my niggas from Long Beach - ROLL WIT' US  
All my niggas from Compton - ROLL WIT' US

All my niggas from Pasadena they - ROLL WIT' US  
All my niggas from Inglewood they - ROLL WIT' US  
All my niggas from South Central yo they - ROLL WIT'
