No one knows where she came from
On the night of rain and storm
They found a sleeping girl down by the shore
They never tamed this trouble-child
She grew up, and she grew wild
She seems to be searching for something more
Something worth dying for

[CHORUS]

Her name is Stormwind
She's the daughter of the raging sea
Every night you hear her lonely song
From across the bay

Her heart is trembling
Like a leaf from a maple tree
Waiting for the autumn rain
Waiting to fly away
Fly away

Her whisper's like a summer breeze
When she cries the rivers freeze
No one has ever reached her restless soul
You may try to break her will
To tie her down and keep her still
But in the end she'll just break away
She likes to go alone

[CHORUS]

Through the rain
Through the blazing sun
Hide your pain from each and everyone
Through the summer
Through the fields of snow
No one will ever know

[CHORUS]

Her name is Stormwind...
