Hey little girl
What did you're daddy tell you?
What's on his mind?
Will you let it happen this time?
Locked in your room
Your freedom won't escape you
Deep in his mind
You are free from this sad time

And though she never saw it mommy seemed to know
And with her silence all the hatred seem to grow
He's lying...she's crying...he's trying to get inside

How does he act
When you pretend to be asleep?
Does he touch you?
Did he ever truly love you?
Come talk to me
Maybe I can set you free
How hard you try
You try and tell him goodbye

It's not your fault
You were born into this family
Mother says nothing and brother only laughs
It's time for you
To stand up and take control
of your own life

But mother's too afraid that he won't let her go
And his Maker's waiting to condemn his soul
