

Shattered Reality

"Goodbye"

Visit "[Goodbye](#)" on MotoLyrics.com

Take me back to yesterday
And all those crazy little games we'd play.
I never wanted it to end this way
I just want to hear you say...
hear you say...that
I want to talk to you 'neath the stars in the sky
And I want to let you know I will never say goodbye
It doesn't seem so long ago
I'd hold you tight and we'd dance real slow
I told you I would never let you go
I just want to let you know...let you know...that
I want to dance with you 'neath the stars up above
And I want to let you know you're the only one I love
How could I have been so short-sighted
I've been sitting by the phone
I thought my freedom would bring me happiness
By my freedom...my freedom just left me alone
It's becoming very clear to me, the two of us will never
be.
I once was lost, but now I see that it's time for me
to set you free...set you free

I want to talk to you, 'neath the stars up above

And I want to let you know, you're the only one I love
and

I want to dance with you 'neath the stars in the sky

But I've got to let you know that it's time to say goodbye
