Looking for the One I cannot see
Sometimes mind and heart do not agree
I try to find the answers deep within my soul
But the feelings inside of me, I just can't control
Time won't wait on anyone
And time sure won't wait on me
I know I'm not supposed to question divinity
But sometimes it is hard to believe in eternity
I don't proclaim defiance, it's just that I'm not sure
A little reinforcement is more than I endure
And though I'm searching for the answers
The answer is right in front of me
Give me a sign, some kind of sign, a miracle
Show me something, a message from above
I want to believe, but it's hard to perceive when
You're standing on faith alone
Give me a sign and show me all your love
Time won't wait on anyone
And time sure won't wait on me
And though I'm looking for the answers
The answer's right in front of me

Save my soul...save my soul
