I think i need to have to want you  
and i think you know i've already lost you  
i'll get over it in time perhaps  
i'm almost there and need no reason why  
i'll understand if you wont hold my hand  
i'll let you go - but i wont say goodbye

Standing under a sunset here you have what you want  
romance would be good but lets not add a lie.  
Feelings filling up my voice and i know you're gonna  
walk away  
lovers leave - its your choice - but i wont say goodbye

I think i need to have to want you  
and we both know i've already lost you  
lets get over the formalities  
please walk away so you wont see me cry  
i already know that you want to go  
i know you are - but i wont say goodbye

I think i need to have to want you  
and now i walk the streets without you  
it was over before it began  
you've spoken your peace and seek my reply  
dont expect a nod a word a wave  
i'll let you go - but i wont say goodbye

You think i know you know i love you  
then why do i try so hard to tell you  
maybe i do too much for you want some time away  
maybe i dont do enough or i'm not worth your time  
but i can turn around and walk away  
i'll go quietly - i wont say goobye
