Is Love ?

Composition and recorded :

CarLo_AbaYon

friendship is a bright patch in the pattern of life
with understanding , with the single soul
dwelling in two bodies
won not by the giving of things but by the givin of the
heart

is love a work of heart ?
is hug just when its needed ?
is shelter a sheltering tree for you and for us ?

when someone knows all about about you and she
doesn't go away
just respect her , and love her so much
won not by the giving of things but by the givin of the
heart

is love a work of heart ?
is hug just when its needed ?
is shelter a sheltering tree for you and for us ?

treasure with a value beyond measure
garden where the sweetest blossoms grow
special gift that adds fragrance to life is so wonderful

is love a work of heart ?
is hug just when its needed ?
is shelter a sheltering tree for you and for us ?

is love a work of heart ?
is hug just when its needed ?
is shelter a sheltering tree for you and for us ?
