[Sample]

Yes I know it went too fast  
But you cant keep living your life

[Werd]

It went fast the time  
Live this shit life

Times hard but you know its getting harder  
Moving on in life just trying to top your father  
But you rap and you aint no S. Carter  
So maybe its time to find next partner  
Dont ball but you had a nice pitch  
Now your playing pitchy hitting walls and shit  
Cause your pissed off pissed on feel like your just gone  
End up with nothing but a prick with some shit songs  
Shit so you got little pay  
But nothing to invest other day  
But another way we others say  
You get respect but respect goes away  
Have to say Im no in it for the long term  
Im twenty two with four mixtapes for them  
Yeah its true so what have you done  
Aw you made a rap and you had a bit of fun

[Sample]

Living your life (Your life) [x4]

[Werd]

No me and dont enjoy it  
Not all the time

No me cunt Im finding it hard  
To keep going with the rap when Im mentally scarred  
Its mental the bars I was spitting was large  
Only when I dumbled down it was it hitting them hard  
(Fucking pricks) Your never going to beat them  
Want support it depends how you treat them  
(Fuck) And if you want to speak son  
Make your words soft cause tomorrow you may eat  
them  
So what do you do

When its raining on you feel Rangers blue  
Cause your songs are old and nobodies heard them  
Few thousand plays and they dont deserve them  
Its like they checked the first songs  
Judge it all wrong they checked the first ones  
The first you got on and cut it all wrong  
Now they like thats you they hear it and move on

Just move on  
Should I move on  
Check I just make tunes eh  
Its what I do  
Its what IÃfÂçâ, ¬Â™ ve done  
For a good while  
Ken what Im still going to do it
