For all the good you say it does
It feels no better when you've had your say
You may believe it's just because
The words get colder when you've gone away

I thought I understood
What I was to you...

I don't want to feel this way
I don't want to say I'm just a friend
I don't want to wait around here
'Cause you don't want to feel no pain again
We just lie about it..
As we become shadows of ourselves

Some may fear committed lives
I sure am one of them without you
Does it come to you as some surprise
I laid the ground beneath to doubt you

Was it ever girl
Something you could hold...

I don't want to feel this way
I don't want to say I'm just a friend
I don't want to wait around here
'Cause you don't want to feel no pain again
We just lie about it..
As we become shadows of ourselves

I don't want to look away
I don't want to be the one denied
It ain't no fault of mine
If someone somewhere told you lies
But we don't talk about it
We just become shadows of ourselves
