Sorry
Is all that you can't say
Years gone by and still
Words don't come easily
Like sorry like sorry

Forgive me
Is all that you can't say
Years gone by and still
Words don't come easily
Like forgive me forgive me

An' you can say baby
An' baby can I hold you tonight
An' maybe if I told you the right words
Ooh, at the right time you'd be mine

I love you
Is all that you can't say
Years gone by and still
Words don't come easily
Like I love you I love you

But you can say baby
My baby can I hold you tonight
An' maybe if I told you the right words
Ooh, at the right time you'd be mine
