Come see the coyotes and cowboys
buy them out now boys
18 holes on the open range
roll out the lawn, turn the sprinkler on
wee how the wild west can change
well the desert to Dizzney, see what they do
they build a tidy park and charge for the view
it's the desert theme, air conditioned and green
palm trees and a water slide, too
so come get it now, come get it here
a 10-minute view and a souvenir
of the wild in the west there's just little left
come on out and wave it goodbye
