I could write you this letter  
it would make you cry  
we've done plenty of damage  
my letters and I  
I could call you a phone call  
and pack you for home  
we could bring you back  
me and my phone

But I've never been clear  
on the right thing to do  
guide your path or carry you  
and my best intentions do a lot of harm  
I've no business dancing  
on your good luck charms

Chorus:  
I know those stars will wait to fall  
till there's someone down below  
If you can hear me tonight  
will one of you let go  
I know it's the angels calling  
riding the stars as they're falling  
make a wish I can't make it true  
but if I were a star I'd fall for you

If we could just wish  
on the very same star  
agree for a day  
where the heavens are  
but these very good hearts  
they won't beat in time  
I've one fallen angel  
she don't toe the line (Chorus)

So I could write you this letter  
it would make you cry  
we've done plenty of damage  
my memories and I  
If you'd learn not answer

I might learn not to call  
some things I learn slow some I don't learn at all
