i would like to paint a masterpiece i would like to draw a
straight line
i would like that little voice within to sound a little more
like mine
if the night would lift my feet up off this ground i'd
hoped they might heal me in my sleep
but i don't dream of flying, i dream alleys at night i only
see a darker masterpiece
come and paint me the colors you see in my eyes: paint
them gold, silver and blue
i will paint you a diamond with a ruby inside you tell me
which one is true
i would like an answer to my prayers or just a day with
nothing to do
if i could make my heart beat loud and clear i don't
think it beats loud enough for you
come and paint me the colors you see in my eyes: paint
them gold, silver and blue
i will paint you a diamond with a ruby inside you tell me
which one is true
i want a masterpiece the inside call
a little explanation for the bump when i fall
come and paint me the colors you see in my eyes: paint
them gold, silver and blue
i will paint you a diamond with a ruby inside you tell me
which one is true
